

WINE CABINET | WS 14300
Freestanding Vinidor

WS 14300
Vinidor Wine storage cabinet

Capacity 143 0.75 l bottles

Outside dimensions

in inches H/W/D: 72-1/2"/26"/27"

in cm H/W/D: 184.1/66/68.3

The perfect and most flexible solution for those wine lovers: The three temperature zones of the WS 14300 allow you to store all your preferred wines at the exact temperature you desire: Be it Champagne, white and red wine or white, rose and red wine. Every temperature zone can be adjusted separately and independent from the other zones, ranging from +41°F (+5° C) to +68°F (+20° C). So you may use two zones to keep your wine at the right drinking temperature and one zone for keeping the wine at the perfect storage temperature offering unlimited possibilities. The wooden pull-out shelves on smooth telescopic rails make selecting a bottle convenient. LED lighting provided pleasant ambient. Plus, activated charcoal filters keep air free of dust, dirt and smell allowing wine to mature to perfection.
