Capacity 40 0.75 l bottles

Outside dimensions

in inches H/W/D: 33-27/32"/23-1/2"/22-7/8"

in cm H/W/D: 86/59.7/58

This undercounter wine cabinet offers a number of innovation solutions for wine storage. Controls are integrated into the insulation layer between the temperature zones, making it possible to set two different temperatures within the unit between +41 °F / +5°C and +64 °F / +18°C. Store red and white wines according to your preference – use the entire cabinet for one or store both, each at its optimum drinking temperature. Because the wine cabinet ventilates through the toe kick, no counter slots are necessary, and the cabinet can be integrated easily and elegantly into your kitchen. The glass door with its high-quality, elegant stainless steel frame allows you to enjoy a top-quality wine experience before you even select a bottle.
