The stylish answer to freshness: integrated and out of sight. In high-end kitchens, integrated appliances are the most stylish option available – they're totally out of sight. Built-in appliances fit harmoniously into a kitchen's design; yet there is no secret of what lies within. By comparison, Liebherr's integrated appliances are fully concealed behind a cabinet door. Installed in a tall kitchen cupboard, the refrigerator door simply opens in unison with the cupboard door. Enjoy new-found liberty in your kitchen design and maximize your very own personalized look. Liebherr's integrated appliances allow you to show off the materials, colors and design of your custom kitchen to full advantage. All that is exposed to view is your style – while behind the scenes, cutting edge refrigeration technology ensures your food is kept fresh and vitamin rich.

LIEBHERR

A delight in freshness
