in inches H/W/D: 33-27/32"/23-1/2"/22-7/8"

in cm H/W/D: 86/59.7/58

This undercounter wine cabinet is ideal for storing wines for long periods of time allowing them to mature to perfection. Depending on what temperature the appliance is set at, it can also be used for keeping white or red wine at exactly the right temperature for serving. The WU 5600 is the smart under counter solution that allows you to store wine at a temperature level between 41°F / +5°C and 68°F / +20°C. With a constant supply of fresh air via an activated charcoal filter and continuously circulating air cooling, this appliance guarantees consistently high air quality during the maturing process. A specially developed compressor ensures that the wines are stored undisturbed.
