**The new Porter & Charles stainless steel gas cooktops** offer both elegant design and exceptional functionality.

Whether your space requirements allow for a 24", 30" or 36" cooktop, Porter & Charles will satisfy every chef's needs without compromise. Burner sizes range from a true simmer to an impressive 16,000 BTU.

With the addition of sealed burners for easy cleaning, continuous grates to allow for effortless sliding of pots, front controls and a depth of only 2" to allow for easy installation over an undercounter oven or drawer, the Porter & Charles cooktops are every chef's dream.
